

CITY OF FALLS CHURCH

FREE LEAF MULCH DELIVERY

During the winter months, the Department of Environmental Services offers delivery of high-quality leaf mulch, free of charge, to addresses within a five-mile radius of the City of Falls Church. Top priority is given to Falls Church City residents through February 15. After February 15, orders are filled on a first-come, first-served basis. The City appreciates the participation of non-City residents and encourages them to take advantage of this free mulch delivery service.

City crews will notify you in advance of delivery. Delivery cannot be pre-arranged, so please do not request material on a particular date. The leaf mulch will be delivered to your address and deposited in your driveway entrance. Please do not request that mulch be deposited in any other area, as City trucks must avoid driving onto private property.

Leaf mulch offered by the City has been processed from leaves collected curbside from Falls Church City residents in the fall. It may contain foreign material that was inadvertently vacuumed along with the leaves.

To obtain free delivery of leaf mulch, please complete the form below and return it as soon as possible to the Department of Environmental Services, 300 Park Avenue, Falls Church, Virginia 22046.

Please contact Annette Mills, Environmental Programs Specialist, at 703-248-5176 or e-mail her at amills@fallschurchva.gov if you have any questions. Thanks for your support of the leaf mulch program!
